LAND 100,000 MEN-- THE JAPS READY FOR A STRENUOUS FIGHT

Another Attack By Torpedoes on Russian Fleet Is Reported.

Blowing up of a Russian Cruiser Confirmed--The Czar Shows His Shame at Defeat.

RUSSIA'S INVADING FORCE GETS BUSY NOW

JAPS FLEET ATTACKS.

Tokio, Feb. 17—A report reached here today that the Japanese torpedo fleet again attacked the Russians at Port Arthur February 13. It is thought one Russian ship was damaged.

TO HAVE TELEGRAPH LINE.

St. Petersburg, Feb. 17—A telegraph line direct to Port Arthur has been ordered completed within a month. This will give direct communication to the Far East.

JOllIES HIS SAILORS.

St. Petersburg, Feb. 17—Admiral Alexeoff has issued orders to the Russian troops under his control in which he lauds their courage, and predicts a victory over the Japanese.

THE CZAR UNPatriotic.

Berlin, Feb. 17—The Morgen Post asserts that bitter discontent is prevalent in Russia because the czar has ostentatiously shown his displeasure at the outbreak of the war between Russia and Japan.

His manifesto refused to go to Moscow to issue his customary proclamation and he also refused to attend a service at Kasan Cathedral. The czar is accused of a lack of patriotism.

TURKEY TO FIGHT RUSSIA.

London, Feb. 17—The Paris correspondent of the Central News says that great disquietude is felt in official circles as a result of reliable news to the effect that Turkey is actively preparing to open immediate hostilities against Russia.

MANY FREEZING TO DEATH.

St. Petersburg, Feb. 17—Via Frontier—Russian troops that are being sent to the Far East are encountering almost insurmountable difficulties. They are being sent in ordinary freight cars, 25 men in each car, with but one small stove in the center to warm them. The temperature is about 30 to 60 degrees below zero.

RUSSIA CLAIMS VICTORY.

London, Feb. 17—The Times says that the Russians admit the loss of 70 men killed, but claim they have driven back the Japanese in a land fight near Osin, February 12 and captured a hundred and fifty.

RUSSIANS ACT AS POLICE.

New Chwang, Feb. 17—The civil administrator here, having represented that he is unable to maintain order with the police force at his command, a Russian infantry force of fifteen hundred men marched in Monday and now occupy the town as officials.

WIJU AN OPEN PORT.

Washington, Feb. 17—The state department is advised by Minister Allen, at Seoul, that the Korean government has declared Wijn, on the Yalu river, an open port.

TO SEND STORES.

Toulon, France, Feb. 17—Orders have been received from Paris for immediate dispatch to Saigon, French Cochinchina, of all available stores, ammunition, and war material, by quick steamers from Marseilles.

DESTROYED BY MINE.

St. Petersburg, Feb. 17—The Russian second class cruiser Boyarin was blown up by a mine February 13 similar to the Russian torpedo transport Yenisei. One hundred and ninety-seven officers and men, it is understood, were lost.

OF HIS MOTHER'S DEATH RECEIVED BY ATTORNEY

W. V. EATON.

Attorney W. V. Eaton received a telegram this afternoon stating that his mother, Mrs. John L. Eaton, dropped dead this morning at her home in Scottsville, Ky.

Mrs. Eaton had been in failing health for some time, from rheumatism and dropsy. She was able to be up this morning however and death came entirely without warning.

She was 54 years of age and left a husband and four children besides her son here. Attorney Eaton left for Scottsville this afternoon.

Mr. and Mrs. I. T. Spaulding have returned from Morgantown, where they carried the remains of their little daughter, Annie Laurie, for burial.

SAD NEWS.

TO MEET TRAIN BRINGING NON-UNION MEN.

NICHOLAS II., CZAR OF RUSSIA.

TRouble PILES UP. SHOTS FIRED

FOR THE REBELS IN SAN DOMINGO.

Washington, Feb. 17.—The rebels in San Domingo committed another breach of international law, which may justify the United States government in intervening to restore order and protect the property in the island. Minister Powell reports to the state department that he received belated advices from Jean Villain, the vice-consular general at Samana, dated February 9, to this effect:

"Insurgents entered our consulate at Samana with armed force and took two refugees out."

The state department promptly communicated to the navy department with a request that proper action be taken to protect the United States consulate. It is the belief that Admiral Wise will demand the punishment of the perpetrators of this outrage and if the provisional government is not able to do this he will employ the United States naval force to chastise the insurgents.

COMMITTEE ON HAND

TO MEET TRAIN BRINGING NON-UNION MEN.

Mr. Bruce Filley, employed by the E. Rehkopf Saddlery Co., who is now in Texas employing non-union leather-workers, was expected home today with a force of workmen and a committee of local union leatherworkers who are on a strike against the Rehkopf people, were at the train to meet the men and ask them to return home and not work here.

Mr. Filley did not arrive, however, but is expected tonight. The committee from the union will continue to meet the trains and will try to persuade the newcomers not to work here.

BOLD THEFTS.

TWO MEN LOSE MONEY AND PROPERTY AT INGRAM HOUSE.

A man named Ivy, of Graves county, reported to the police this morning that last night at the Ingram House, on Fourth street, near Monroe, where he was staying, some one entered and stole a suit of clothes, watch and pocket change.

A man named Tobe Scott, of Woodville, claims that from the same room some person took \$20 from his pocket book containing \$400. The money was under his head, and why it was not all taken he does not know.

Mr. Robert McTyre was called to Lousiville today at noon where Mr. Overby will consult a specialist on the advisability of an operation for an abscess of the ear.

TOUCHING SCENES

Funeral of the Late Senator Hanna at Washington.

Eminent Men There—Oration By Chaplain Hale—Floral Designs Were Magnificent.

TO BE TAKEN TO CLEVELAND

Washington, D. C., Feb. 17—The state funeral of Senator Hanna in the senate chamber Wednesday was very impressive. It was attended by the president and cabinet, diplomatic corps, members of the house and senate and the galleries were filled with prominent men and women. The funeral oration was delivered by Chaplain Hale. Floral tributes were numerous and the most exquisite ever seen in Washington. The remains, accompanied by the family leave for Cleveland this evening.

In appearance the features of the dead statesman are very life-like. They indicate little emaciation, and on account of the oxygen used during the last days of the senator's sickness there is an absence of the ashen pallor peculiar to the dead.

The house convened at 11:45 a. m. today when the members marched in a body with Speaker Cannon at their head, to the senate.

Secretaries Taft, Cortelyou and Wilson will go to Cleveland to attend the services there.

The remains of Senator Hanna were conveyed from the hotel to the capitol at 11 o'clock this morning. Preceding the hearse and the carriages containing the members of the family and invited friends was a detail of mounted police. The casket bearers were officers detailed from the capitol police force.

The casket will not be removed from the senate chamber until 5 p. m., but the chamber will be closed.

Shortly before that time the committee on arrangements will meet to escort the remains to the Pennsylvania depot. The body will be conveyed at 5 o'clock to the Pennsylvania station and at 6 o'clock a special train bearing the body and the members of the family and their invited guests will leave for Cleveland. Governor Herrick, General Charles Dick, Andrew Squire, Dr. Carte and Secretary Elmer Dover will accompany the remains from Washington.

Representative William Alden Smith, of Michigan, related at the White house a touching incident of a recent conversation he had with Senator Hanna. He went to Senator Hanna in the senate chamber one day and invited him to attend, as one of the distinguished men of the country, semi-centennial celebration of the founding of the Republican party, to be held at Jackson, Mich., on July 6 next.

"I don't know where I will be then," was the senator's pathetic reply to the invitation.

"Why, you will be right here, of course," replied Representative Smith reassuringly.

"No," replied Mr. Hanna, "I'm afraid I won't."

"I walked to the rear of the senate chamber," said Mr. Smith, "and, looking back at the senator, wondered if he had a premonition that he might not live long. The impression made by his words never left me."

SHAW ON HANNA.

Washington, Feb. 17—Secretary of the Treasury Shaw was deeply affected when the news of Senator Hanna's death was brought him. Mr. Shaw said:

"Senator Hanna was one of the noblest characters I ever knew. As a business man he was very successful; as a politician he ranked with the most potent; as a statesman he was broad-minded, far-seeing and intensely patriotic, and as a friend he was the truest of the true. Not by luck nor by circumstances did he work his way from a position quite generally misunderstood, to universal respect and confidence. It was a real character, real patriotism and real worth. His loss is national and in the sad bereavement the humblest will be participant."

Mr. Cannon, speaker of the house of representatives, said:

"As business man, politician, manager and legislator, combining the qualifications which distinguish men in each of these groups. Mr. Hanna was the most forceful citizen of the United States. Others may have done greater work in each of these lines of endeavor, but no man of this or preceding times so far as my recollection or study of our history goes, has combined these qualifications and deserved and won greater distinction in each and all. And he, more than any citizen of his time, wedged these interests together, fulfilling the highest ideals of the statesman. To him the great business and labor interests and the great body of the people turned, having full confidence in his judgment and patriotism, making him the most trusted arbiter in the most important public questions arising for solution. His death is a public loss in the full measure of that expression."

HANN'S SUCCESSOR.

Cincinnati, Feb. 17—As the Ohio legislature is now in session, Senator Hanna's successor will not be appointed by the governor, but at once elected for the terms expiring in March, 1905, and in March, 1911. Less than seven years ago Mr. Hanna, who had never before held office, succeeded John Sherman as senator and had over seven years yet to serve, having just last month been re-elected. During the past week there has been much comment about the senatorial situation. Among the names mentioned in this connection have been those of Governor Herrick, Charles P. Taft and George B. Cox of Cincinnati; J. H. Hoyt, of Cleveland; J. Warren Keifer, of Springfield; General Asa W. Jones, of Youngstown and Congressman Dick, Grovesnor, Burton, Nevins and Warnock.

Senator Hanna lived in Northeastern and Senator Foraker in Southwestern Ohio. It is believed by some that the geographical condition is likely to add to the chances of Governor Herrick or Congressman Dick, who reside in the lake districts. For years candidates for United States senators have been endorsed by state conventions, so that the legislative action was merely perfunctory, but now there is every indication of an old-time free-for-all fight before the legislature.

WAS WARMER.

BUT A COLD WIND MADE IT DISAGREEABLE.

The temperature this morning was higher than yesterday but the wind was rather strong and the change, although great enough to have been felt under ordinary circumstances, was not noticed for this reason.

This afternoon a drizzling rain fell and froze as it struck the pavements, rendering it very slippery and unsafe for pedestrians. Warmer weather is promised, however.

FIRST LEGAL SALOON

IN KENTUCKY'S HISTORY ESTABLISHED AT JACKSON.

Jackson, Ky., Feb. 17—For the first time a legal saloon was established here when Matt Crawford took out a license, paying \$500 therefor. Recently the town council passed a resolution licensing saloons, in the face of a legislative enactment prohibiting saloons in Jackson. Numerous blind tigers are still in operation here.

GETS WORSE.

NEGRO WILL PROBABLY BE TRIED FOR LARCENY.

King Crawford, the negro being confined in the county jail waiting the action of the court in a larceny charge, does not seem to improve and today County Physician J. W. Pendley will examine him again and recommend to the court to give the man an immediate trial for larceny.

Crawford was arrested more than seven weeks ago in a negro restaurant near First street near Broadway, and as his case was mild, the county physician recommended that he be kept in jail a while to allow for improvement. No change for the better has been noted and the court will probably immediately give the prisoner a trial.

Crawford imagines himself too tired to work and talks of visiting the national officers in Washington. He is often violent.

LENT BEGINS

SERVICES HELD TODAY AND WILL BE AGAIN TONIGHT.

Lent began today and services commemorating Ash Wednesday and the beginning of the penitential season were held this morning at St. Francis de Sales Catholic church at 8 o'clock, and at Grace Episcopal church at 10 o'clock.

At 7:30 this evening services will again be held at St. Francis de Sales church with a sermon and benediction. During Lent there will be mass at St. Francis de Sales every morning at 7 o'clock, as during the balance of the year, with the addition of evening services Wednesday and Friday. At Grace church Lenten services will be held each afternoon at 4:30 o'clock, with a lecture by the pastor, Rev. John W. Sykes, except Friday when the services will be in the evening.

NEW INDUSTRY.

EXCELSIOR MADE IN PADUCAH IN LARGE QUANTITIES.

Mr. W. D. Cline, proprietor of the Paducah Mattress company, South Third street, has returned from Metropolis, Ill., where he purchased an excelsior baling.

Mr. Cline has been manufacturing excelsior which he furnishes to several local firms, but of late the demand has been so great that he found it necessary to purchase a baling to prepare his goods for the market quicker.

VETERANS MEET

Confederate Camp Admits Several New Members.

Will Look After the Poor and Needy Members in Good Standing.

At the regular meeting of Camp James Walbert, Confederate Veterans, at the city hall last night the following new members were added: J. L. Gardner, F. M. Hoyd, A. W. Stearns, J. A. Cole, G. W. Simmons and Thomas Tyre.

Ten dollars was appropriated for the purchase of an appropriate banner for the camp, and Messrs. R. M. Myles, B. H. Scott and Joe Ullman were appointed to purchase it.

Badges are to be bought for all the members of the camp, and the following committee was named to make the purchase: J. V. Greif, Joe Ullman and R. M. Miles.

O. G. Gleason and Stewart Dick were appointed a committee to look after sick members of the veterans, and Messrs. Joe Potter, W. H. Patterson, and R. M. Miles were appointed to investigate all cases of illness or need of Confederate veterans in good standing.

About a dozen veterans have called for blanks to be filled out in anticipation of the next presentation of crosses of honor, June 3.

The death of Generals Longstreet and John B. Gordon were officially announced.

LINCOLN'S CABIN

IT IS STORED IN NEW YORK AND IS NOT IN KENTUCKY.

New York, Feb. 17—Dispatches from Kentucky within the last few days have said that the log cabin in which Abraham Lincoln was born and the farm on which he spent his early childhood days would soon be sold at auction for arrears of taxes. According to the Kentucky stories, the log cabin is dilapidated and is now being used for a barn.

The residents of the Blue Grass state have taken these reports seriously and on Saturday a member of the Kentucky legislature introduced a bill to purchase the Lincoln cabin and farm for \$10,000.

It may surprise this Kentucky legislator and his constituents, to learn that the log cabin in which Lincoln was born is not on the old Lincoln farm in Kentucky. It is only will surprise New Yorkers to know that the historic old cabin is in this city. The logs are stored in a building in College point.

CONGRESS OF HONDURAS DIS-SOLVED BY FORCE BY PRESIDENT.

New York, Feb. 17—The World prints a cable from Tegucigalpa, Honduras, saying the congress of Honduras was dissolved by force yesterday and that President Bonilla declared himself dictator.

WAS 94.

Henderson, Ky., Feb. 17—Mrs. Lucy Ann Hancock, aged 94, died at her home, near this city. Three children survive her. She was a great-granddaughter of Nancy Hart Morgan, of Revolutionary fame.

The events of the Mexican war, and, in fact, many incidents of the war of 1812, were perfectly familiar to her. She vividly remembered the battle of New Orleans.

NEWS OF THE RIVERS.

The Monie Haner arrived with a tow of timber for the Lack Singletree Co.

The Wilford is overdue from Cumberland river, and will pass out tomorrow.

The Dick Glyde arrived today out of Cumberland river with a tow of ties.

The Joe Fowler is today's Evansville packet, and is due from that city this afternoon.

The I. N. Hoot is due out of Tennessee river today. She has been delayed over two days.

The Butterfield left at noon for Nashville. She came out of Cumberland last night from Clarksville.

The Clyde arrived last night from Tennessee river, and will leave on return trip tonight at 6 o'clock.

The Inspector No. 2 was taken up the Cumberland yesterday to be used by the Ayer & Lord Inspectors who are working on that river.

Captain Awalt, who has been running on a small tow boat for the Lack Singletree Co., has resigned his position and will go on the road for the Amour Co.

The Russell Lord arrived from the Ohio river today. She had to leave her work of loading a tow of ties on account of the ice interfering with the work. She will return as soon as the ice thins out.

The Barrett arrived from Cairo this morning with 5,000,000 feet of lumber, one of the biggest tows ever brought up, and laid up here until the ice runs out of the Ohio river and a better stage is reached.

It is reported that the big tow boat Charlie Brown, which passed here several days ago, lost all of her big coal tow at Island No. 66, 140 miles below Memphis. The report reached the ears of the river men here this morning. The tow was a valuable one.

Ice is flowing past Paducah in the Ohio river today but is not heavy enough to cause any material delays to the steamboats. The ice runs in the middle of the river and it is thought will run no heavier than at present. Most of the ice is coming out of the Wabash river.

Julius Loeser, state deputy of Southern Illinois District of the Woodmen of the World lodge, is here trying to get a lodge organized in Metropolis, says the Metropolis Herald.

Mr. Loeser has two men with him. This lodge has a membership of 700 at Paducah and has only been in running order three years.

Mr. Loeser hopes to get a strong order here and says he will bring 50 members from Paducah when the lodge is started to carry on the work.

Mr. Loeser's headquarters will be in Cairo when he leaves here.

ITCH—RINGWORM.

E. T. Lucas, Wingo, Ky., writes, April 28th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25¢, 50¢ and \$1.00 bottle. Sold by Du Bois, Kohl & Co., Paducah, Ky."

DAILY THOUGHT.
"Follow the path of duty, and leave results with God."

THE WEATHER.
The weather predictions for Kentucky are for snow and warmer tonight and Thursday.

MEIGHTY SLOW PEOPLE.
If anyone in Paducah depended on prompt action of the municipal legislative boards for a living he or she would soon starve to death. The boards are about the most hopelessly and inexplicably slow things on record. Although the bonds for city improvements were voted nearly four months ago, Paducah is no nearer starting work on the improvements than then. So far as known, not a single thing has ever been done towards beginning work. We have the same old city hospital, the same old market house and the same old lob-lollies called streets. No steps have even been taken to issue and float the bonds, which in itself is a big and tedious job.

If the men who have control of those things expect to do anything this year it is time they were getting busy. If they haven't the business sagacity to do it, which would probably be some excuse for the long delay, they ought to resign and let men with at least ordinary intelligence and energy take their places.

This council of ours has just passed an ordinance that will take for salaries every cent of the fire appropriation except \$2500, leaving the city this to build a new fire station, equip it, feed the horses in all departments, pay for all repairs for the year, buy harness—and in fact leave the city only \$2500 to pay all the expenses of the Paducah fire departments outside of the salaries, for whole year. Certainly it must be a bright set of financiers who display such brilliant judgment!

The State senate has also passed the bill providing for a vote on a constitutional amendment to abolish the secret ballot system in Kentucky. The House passed it last week, but the people will attend to it when they get a vote on it later. Kentucky will never, with the consent of the people, vote to return to antiquated methods such as the *viva voce* system of voting is. Every laboring man in the state regardless of politics will probably be found lined up against it when a vote is taken.

Russia has withdrawn from the World's Fair exposition. It is not certain whether this is because she

has about as much as she can look after at home, or simply because she thinks she will thus spite the United States. After this war is over, it is feared Russia's exhibit would be fit for only the museum, or the hospital department.

It is generally believed, if some of the papers are not wrong, that the Courier-Journal will bolt the National Democratic convention this year if the Bryan crowd dominates it. If it doesn't, it will doubtless feel disappointed, while if the Courier-Journal's kind of Democrats win in the convention Mr. Bryan and the others will bolt. Beautiful outlook for Democracy!

We shall probably have to trust to history to learn exactly how much of the war news we read every day is true. Between the enthusiastic but somewhat hampered war correspondents and the press censor, we have to take what is passed out to us and trust to luck to get the facts later on.

If the legislature shows no more regard for the wishes of the people in establishing a new judicial district for Judge Redwine than it did for the law and constitution in creating the new county of Beckham, the people might as well prepare to have the imposition saddled onto them.

STRICT LAWS

IOWA LAW EXTENDS LIABILITY OF RAILROADS.

Railway legislation frequently takes curious forms, says the Railway age. The State of Iowa has been somewhat prolific in this respect and a bill has recently been introduced in the Legislature of that State to the effect that, notwithstanding a railroad in contracting for shipment of property stipulates that it shall not be liable for damages incurred in transportation beyond its own line, it shall be made party defendant in any such case that may arise. This same state of Iowa has for many years insisted on the right of the shipper to direct the route his property shall take beyond the initial line, all of which presents an inconsistency which is interesting. To forbid the choice of a connection in the carrying out of a contract and at the same time hold the initial line for damage done by such a connection which is forced upon it against its own will, is somewhat anomalous. It does not seem as if argument or law were necessary to establish the right of a contracting party in any line of business to the choice of the instrumentalities by which the engagement shall be carried out, but shippers do not seem to view it in that light. Fortunately a case involving exactly that point is already in the courts and will finally be passed upon by the Supreme Court of the United States. Until that time the question must remain unsettled.

CARS PILED UP

N. C. & ST. L. TRAIN GOES INTO THE DITCH.

Eleven cars of fertilizer from Nashville to New Orleans over the N. C. and St. L. were piled in the ditch 93 miles below Paducah, at Beuna Vista, Tenn., by a flange on one of the wheels breaking. There were 28 cars in the train, which was a double headed in charge of Conductor Hill and Engineers Rockhold and Englert. The passenger train due last night at 8 o'clock was about three hours late, and the track was not cleared until this morning.

DO IT TODAY.

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Rosehee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

the doctors fairly gave me up, and I despaired of ever getting well again.

"I noticed your advertisement and the splendid testimonials given by people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used a second and a third bottle and kept on improving slowly.

"It took six bottles to cure me, but they were worth a king's ransom to me. I talk Peruna to all my friends and am a true believer in its worth."

—Mrs. Col. E. J. Graham.

Thousands of women owe their lives to Peruna. Hundreds of thousands are praising Peruna in every state in the Union. We have on file a great multitude of letters, with written permission for use in public print, which can never be used for want of space.

Address The Peruna Medicine Co., Columbus, O., for a book written especially for women, instructively illustrated, entitled "Health and Beauty." Send free to women.

Government Gets Monopoly.

As of Jan. 1, 1904, the German government will prohibit the use of yeast and the phosphorus in the manufacture of beer. It is believed that the yeast will become less expensive and the phosphorus report goes, will be used in the manufacture of matches. The present monopoly of yeast and phosphorus will be broken after the first of the year.

FOODS FOR THE TRAVELER

Government Now Settles What They Shall Be in Germany.

Several of the German governments have recently manifested great interest in entering to the stomachs of railroad passengers within their borders. In Germany, much more than here, refreshments are hawked alongside the passenger trains by waiters attached to the station restaurants. Now the authorities in Saxony have ordered that these things must be included in the offerings.

Cool drinking water—for not more than 5 pfennigs (1.2 cents) a glass of 0.4 litre (the capacity of a small beer mug); mineral water for not more than 5 cents a small bottle, and fresh fruit in season, with the price plainly marked.

Bottles and glasses must be kept perfectly clean, and the provisions in the station buffets must be kept under glass to protect them from dust. Severe penalties are to be inflicted for violations of these rules.

"It Was Like a Kind Blessing"

"Cheerfully—Gratefully—I Join My Voice With the Thousands Who Are Praising

PAINES CELERY COMPOUND"

WAS CURED AFTER YEARS OF STOMACH TROUBLE.

Milwaukee, Dec. 15, 1903.—"Through a friend of mine I was advised to take Paine's Celery Compound for stomach trouble, with which I was afflicted for years. My food had lost taste, "I had no appetite and my system was entirely out of order.

"There was a sudden change.

"I wondered; for it was like a kind blessing falling on me.

"It surely performs its wonders in a marvelous way, and cheerfully and with gratitude I join my voice with the thousands who are praising Paine's Celery Compound. It has made me a well woman."—MRS. MARY KENNEY.

Dyspepsia—the great destroyer of health and happiness—takes many forms. Discontent, ill temper, low spirits, despondency, dizziness, sick headache, heartburn, palpitation of the heart, distension of the stomach—all of them are dyspepsia.

Its dark influence throws its shadow on the happiness of many homes. The underlying cause of all dyspepsia is that the organs of digestion HAVE NOT THE NERVE STRENGTH to do their work properly.

The true cure must be a CURE OF THE INNER NERVES, which govern the digestive organs and the entire human system.

MUSICAL TREAT.

An unusual musical treat was enjoyed at the First Christian church last night in the recital of Prof. Felix Heink, a German pianist and vocalist of note. Prof. Heink's program was varied one, showing his skill as a pianist and vocalist from classical selections to popular ballads and bright modern selections.

Two of his own compositions, the one entitled "Remembrance," and containing the fine shading of soft, low notes, and the other Marche "Millennials" being a composition of volume and brilliance, were especially enjoyed. He accomplished the rather unusual novelty of playing a difficult selection with the left hand alone, bringing out the music with almost as much force as if he were using both hands.

A large audience of Paducah's most cultured people were much pleased with the talented musician.

Little Girl Had Found Out What Caused the Lightning.

Gertrude's father bought a camera a short time ago, and tiny Gertrude has been much interested in everything he did with it. One evening recently a heavy thunderstorm came up. Usually Gertrude was afraid of thunder and lightning, but this evening she stood by the window watching the flashes of lightning in quite an unconcerned manner. "Come away from that window, Gertrude," said her brother Tom, who is not over and above brave during a thunderstorm. "Poo! Who's afraid?" answered Gertrude. "I know now what makes the lightning: it's the angels taking flashlight pictures."

CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membranes or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes poilted and the system contaminated by the catarrhal poison.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of S. S. S. and commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Miss MARY L. STORM.

Northwest Cor 7th and Felix Sts, St. Joseph, Mo.

It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obstinate, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE SINS OF THE PARENT FREQUENTLY FALL UPON THE CHILDREN.

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which is, as a rule, the result of Specific Blood Poison in some ancestor.

It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable.

Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for this disease which were almost as obnoxious and dangerous as the disease itself.

The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

FOERG'S REMEDY.

Ocoonta, Va., Lee Co., Aug. 15th, 1903.

To Whom It May Concern: We have two little twin girls that were badly afflicted with Scrofula. After trying three of the best doctors we could employ they continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them sound and well. This was four years ago, and no sign of return, so I can say too much for this medicine, for I think it is the best specific medicine in the world.

This is a true copy of statement sent us by Mr. Courtney, and is on file in our office.

Don't delay, but go to your druggist and get a bottle, if your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company, in plain wrappers. All correspondence strictly confidential.

SELF-MADE MEN IN ENGLAND.

We hear so much of American captains of industry, of John D. Rockefeller, the farm laborer's son; of Edison, the newspaper boy; of Yerkes, the youthful soap jobber, that we are apt to forget British giants of perseverance. Livingston worked as a factory hand until 25; the man who sought and found him in the wilds was born in a workhouse. The great firm of W. H. Smith & Sons was begun by two brothers so poor that the wife of one had to go into domestic service. The house of Tangye began in a little workshop, whose rent was but 4s. a week; that of Lever Brothers had a scarcely more pretentious start at Bolton. A coffee stall on a London curb was the found and origin of Pearce & Plenty; 700 pounds once formed the total capital of the "universal" Whiteley. Bass' Brewery was founded by a carrier; the Elder-Dempster line of steamers by a ship's apprentice, now Sir Alfred Jones. The inventor of Bessemer steel was once a poor, almost starving boy in London, the poorer for having devoted his labor to an invention of whose profits the government robbed him. So one might go on throughout the whole range of our industries. It is the sergeant and the plain constable of life's affairs who have made this nation industrially great, and carried its flag and fame to the ends of the earth.—St. James Gazette.

COMING EVENTS.

While Cardinal Gibbons, then a monsignore, was living in Rome a few years ago, he went to dine at the American college. Dinner over, some bonhommes representing hats of every description were passed around as souvenirs. The waiter carrying the tray on which they were, stumbled just as he reached Monsignore Gibbons, and a miniature Cardinal's hat, the red tricorn, rolled from the tray into the prelate's plate.

Count Cassell, who was a warm friend of the monsignore, saw the episode, and leaning across the table, quoted the maxim:

"Coming events cast their shadows before."

Everybody laughed, and so did the Monsignore, but a year later, when the dignity of the Cardinal was conferred upon him, several recalled the dinner at the American college.—Chattanooga Times.

"Once—" slowly said honest Farmer Hornebeck, in the midst of the Sit and Argue club, assembled in the corner grocery.

"Once—what?" snapped Eli Spry, a bit irritated by the old man's deliberate way.

Then he lapsed into silence, having said all there was to say on the subject.—Puck.

CHILD'S REMARKABLE MEMORY

The task allotted a little Stockel girl of 9½ years in a Dublin entertainment was to answer any one of 18,500 questions that might be asked by the audience.

A license for the child under the now children's act was applied before the Dublin police magistrate, who refused to grant it, remarking that the child was to have her brain "tortured" by 18,500 questions. It was contend on the other hand, that no mental strain was involved.

A list of questions was distributed among the audience, who asked any of them they liked. Such questions as these were included: "When did the Empress Frederick die?" "When was Parcell born?" "When was the Tay bridge disaster?"—London Mail.

FORCE OF HABIT.

Nurse had come to bear her little charge away from the children's party, and the damsel was pleading for a respite. She begged so hard that eventually the hostess joined in her protest.

"Do let her stay half an hour longer, nurse!" she begged. "If Hilda's mother is angry with you, throw the blame on me."

"Sorry, mum, but my young man is giving a party tonight, and if I'm not there just on the minute he'll shut the door in my face. It's force of habit with him, mum. You see, he's a timekeeper in a factory."—Cassell's Journal.

VARIABLE ROUTES TO FLORIDA.

In addition to the numerous facilities provided for the comfort and pleasure of Florida travelers, the Southern Railway and Queen & Crescent Route have this year added a new and unusually attractive feature in the form of a variable route tourist ticket, by means of which, at a slight additional expense, the going trip may be made via Chattanooga, Atlanta and Macon and the return trip via Savannah, Columbia, Asheville, Hot Springs and Knoxville—or vice versa— including stop off, if desired, at all of these and other points, so that a passenger may visit Lookout Mountain, the beautiful "Sapphire Country" the "Land of the Sky" and the principle commercial centers and tourist resorts on route.

The "Chicago and Florida Special" a superb train composed of through Pullman Drawing Room sleepers, composite car and dining car, leaves Cincinnati every evening except Sunday, via the Queen & Crescent Route. A handsome observation sleeper leaving Louisville at 7:35 p. m. is attached to the "Special" at Lexington and this train then runs through solid via Southern railway from Chattanooga to Jacksonville and St. Augustine, arriving at 9:30 p. m. and 10:35 p. m., respectively the next evening, making connection at Jacksonville for interior Florida points.

The "Florida Limited" leaves Cincinnati every morning the year around via the Queen & Crescent Route connecting at Lexington with the Southern railway trains from Louisville. This train also runs through solid to Jacksonville and St. Augustine via Southern Railway from Chattanooga, carrying sleeping cars, observation and dining car, arriving at 9:45 a. m. and 11:15 a. m., respectively.

The Q. & C. "Special" leaving Cincinnati every evening carries Pullman sleeper through to Jacksonville via Southern railway from Chattanooga, carrying sleeping cars, observation and dining car, arriving at 9:45 a. m. and 11:15 a. m., respectively.

There is of course corresponding fine service via each of these routes on the return trip. Either of the following booklets will be sent on receipt of two cent stamp "Land of the Sky," "Winter Homes, containing hotel list," "Hunting and Fishing in the South," containing game laws, Cuba folder, etc.

Complete information as to rates, schedules, etc., will be gladly furnished on application to C. H. Hinsford, D. P. A. Southern railway, 234 Fourth Avenue, Louisville, Ky.

Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of heart trouble are: Palms in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a special tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be generally ill night, but without a moment's warning would fall into a faint. My heart attacks were frequent, and in terrible distress. I passed me, as I never knew when or where, nor under what conditions. I would be attacked, and whether I would survive them, I could not tell. I was treated by some of the best eminent physicians of the state. Not finding relief from this going on, began taking Dr. Miles' New Heart Cure, and began to improve at once. I took the bottle which entirely cured me, as I have not had an attack for five years." MRS. JOHN DRIESBACH, Lorain, OH.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Sick-Heart Remedy for Pain, Aches, Symptoms, etc. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Free. DR. MILES' MEDICAL CO., LABORATORIES, ELKHART, IND.

ENTERPRISE, INGENUITY AND ORIGINALITY.

Say something against Lax Fos in the presence of those who have taken it and you'll be sorry. Every person using Lax Fos, will tell you an interesting story of how it cured them.

Lax Fos is the very latest example of medical enterprise, ingenuity and originality. Those who have been sick, and others, say, Lax Fos is the best medicine made. To make it a little better than any other remedy even though it cost more is an investment and not an expense to the S. H. Winstead Medicine Co. No advertisement is equal to having people say Lax Fos is the best. It succeeds in any business given, the consumer more than you promise. That is done in Lax Fos. It cures Indigestion, constipation, kidney and liver trouble. Its good effects are felt at once. Take no substitute. The genuine is sold on the money back plan, by druggists everywhere.

VISIT OF S. S. WORKER.

Rev. J. M. Carter, D. D., will preach at the Methodist Episcopal church in Mechanicsburg tonight and Thursday night. Rev. Mr. Carter has been in the ministry for more than 30 years. During these years he has served as pastor on a number of charges, has been presiding elder for several years, and has been in attendance at the last three general conferences of the above named church. He occupies, at present, the position of field secretary of the Sunday school union, his territory being principally in the south, and his visit to Paducah is in the interest of this great work of training the children.

His lecture on last Sunday and also the sermon at night, was highly appreciated by the people who attended.

Mr. Wm. Rogers, who lives four miles from the city on the Mayfield road, had his buggy demolished by his horse late yesterday afternoon near Seventeenth and Tennessee streets. The animal ran away and collided with a fence.

Weakness in Men

A Michigan Specialist Finds an Easy Way to Cure Any Case of Sexual Weakness Even in the Oldest Men. This Wonderful Cure Has a Most Marvelous Record of Successes.

SENT FREE TO ALL WHO APPLY IN WRITING

There are thousands of cheerless homes in this country filled with discontent and unhappiness, lacking in love and companionship, through the sexual weakness and physical impairment of a man whose years do not justify such a condition. Indiscretions, abuses and recklessness often cause a temporary cessation of vital power that instantly yields to the wonderful treatment discovered by the great specialist, Dr. H. C. Raynor, of Detroit, Michigan. It has remained for this great physician to discover that sexual weakness and similar troubles can be cured and in remarkable short space of time. This treatment does not ruin the stomach, adding the miseries such injury entails, but it is a new treatment that easily and quickly restores youthful vigor to men as old as 85.

The discovery is beyond doubt the most scientific and comprehensive that our attention has ever been called to. From all sides we hear private reports of cures in stubborn cases of sexual weakness, enlargement of the prostate, varicocele, spermatorrhoea, lost manhood, impotency, emissions, prematurity, shrunken organs, lack of virile power, bashfulness and timidity and like unnatural conditions. It does this without appliances, vacuum pumps, electric belts or anything of that kind.

Satisfactory results are produced in a day's use and a perfect cure in a short time, regardless of age or the cause of your condition.
